

What: North Fish Hatchery Road Reconstruction Public Meeting #3
Date: Monday, April 8th
Time: 5:30-7:30 PM (presentation at 5:45 p.m.)
Location: Wyndham Garden Hotel ballroom, 2969 Cahill Main, Fitchburg, WI 53713

The North Fish Hatchery Road reconstruction project (CTH PD/McKee Road to the Beltline) is now in final design, with construction anticipated to occur from late 2019 through 2021. The reconstruction will replace deteriorating pavement, retaining walls and storm sewer, and include sanitary sewer and water main repairs as needed. Additional improvements will address intersection congestion, median access, safety, and multimodal design. The approved design includes a new multiuse path for pedestrians and bicyclists on the west side of the road, and streetscaping improvements at multiple locations. The reconstruction will provide better connectivity with surrounding neighborhoods and businesses, and support continued economic development along the corridor.

This is the final public meeting for the North Fish Hatchery Road reconstruction project. This meeting will include a presentation of the final project plans, with information about the construction schedule, anticipated impacts, and alternate routes. A Spanish language interpreter will be present (Un intérprete estará presente). Everyone is welcome!
